- Very appropriate
- somewhere appropriate
- same as desired
- inappropriate
- very inappropriate

Give your suggestions for quality enhancement programs to be conducted more in future?

10 responses

More interactive session should be conducted where in students should be clear about their future which stream they should focus and improve for future.

Please holds sessions on Finance and Capital market and Investment services.

Student to be enhanced in conversation and how to crack interview

Career coaching & emerging trends in job will be great
Internship opportunities for students & placement after last year
Learnings of industry job market

Thank you

PLZ INCLUDE MORE PRACTICAL INSTED OF THEORY AND THEORY

Student-centered learning
Technology integration
Parent and community involvement
Safe and welcoming school environment
Diverse and inclusive curriculum
Social and emotional learning

Need to field work in a group vise and getting more knowledge on it
Thanks

No suggestions

Carrer Guidance program for Student Future and called all that people who complete their Graduation with our institutions and right now they are Sitting on Very Good post with Reputated Company they can share knowledge with student how to choose thier carers how make starting step in their careers because our college was minority majority college Career guidance program is more effective Activities which impact on student who appearing their last year and First year
