Q.1- Read the extract and complete the activities given below:-

The scent of Rice

The first year I was late for the rice-sowing season and had to resort to growing the GR4 variety that was short term and recommended by the agricultural officers at Kosbad. The next year we decide that we would start early and try to find some good traditional variety of rice and knew that they did not require very high inputs of fertilizers. These varieties were also quite strong and resisted pests, we were sure that it was this type of rice that would grow well in our farm where we did not use any chemicals at all. Our previous year's experience and low yield had taught us a lesson and we were sure we would not plant hybrids this year.

In April 2005, we started to look for a good variety of traditional rice. It was one of our neighbors in the village, a businessman from Mumbai who owned land, who suggested that we plant a local scented variety of rice. Most of the farmers in and around the village of peth had switched over to hybrids. The younger generation of farmers thought I was crazy to ask for the "desi" variety, as they called it. My regular visits to the villages around searching for a good traditional variety also did not yield any results and we were almost giving upo hope.

I decided to give it one last try and spoke to Baban's father and some other elders. After many meaningful conversations, they mentioned the name of kasbai.

Kasbai is a traditional long-grained rice variety which has a distinct aroma, though much milder that Basmati. It's a long duration crop and most of the older people remembered following it years ago. But they all shook their heads when I asked them about the seeds and told me that it had "disappeared"

Ouestions :-

State the advantages of the varieties as you find them in the extract. (2)

Q.2- (A) Read the extract and complete the activities given below

The Sower

Sitting in a porchway cool,

Sunlight. I see, dying fast,

Twilight hastens on to rule.

Working hours have well-nigh past.

Shadows run across the lands:

But a sower lingers still,

Old, in rags, he patient stands.

Looking on, I feel a thrill.

Black and high, his silhouette

Dominates the furrows deep!

Now to sow the task is set.

Soon shall come a time to reap.

Marches he along the plain

To and fro, and scatter wide

From his hands the precious grain:

Muse I, as I see him stride

darkness deepens. Fades the light.

Now his gestures to mine eyes

Are august: and strange: his height

Seems to touch the starry skies.

Questions:- 1) Complete the web that brings out the qualities of the sewer

- 2) Explain the poet's feeling as he watches the sower.
- 3) The grains are referred to as " Precious"-- give reasons.
- 4) What do you learn from the sower? Justify your answer
- 5) Find out the rhyme scheme and pick up the rhyming words from the Poem .

पपनः और दूसरों की जिंदगी दाँव पर लगानी होती है। व्यस्तना का यह आलम है कि आदमी सड़क पर चलते-चलते फोन कर रहा है। पता नहीं कौन लोग हैं जो कहते हैं भारत और अमेरिका का मुकाबला नहीं किया जा सकता।

'सेल' फोन से हम हीनता की ग्रंथि से मुक्त हुए हैं। सभी को साथी मिल गया है। एक-दूसरे से मिलकर बात कम करें, फोन पर ज्यादा करें। फोन पर आम बात भी खास लगती है। उसमें करेंट दौड़ जाता है। घर से ठीक-ठीक निकला आदमी ऑफिस पहुँचकर अपने पहुँचने की खबर दे रहा है। सब एकाएक एक-दूसरे के करीब हो गए हैं। मेरे हाथ में भी मोबाइल आ गया, उस मोबाइल से मुझे भी प्यार हो गया लेकिन कब से राह देख रहा हूँ मुफ्त में मिले सिम कार्ड से मोबाइल पर घंटी क्यों नहीं बजती।

याद रखें, घोषित तौर पर अपना नुकसान करने वालों से फिर आप बच सकते हैं। कुछ अपनी सुरक्षा की तैयारी कर सकते हैं पर इन फायदा करने वालों से बचने की ज्यादा जरूरत है। यह हर हालत में आपका 'फायदा' करके ही मानेंगे। मैंने कई बार इन भला करने वालों को समझाया है कि क्यों मेरे पीछे पड़े हो। मुझे अपना भला नहीं करवाना है। ऐसे ही ठीक हूँ। भला करने वाला मेरी निष्क्रियता को नजरअंदाज करते हुए मेरे फायदे के नुसखे समझा रहा है ''यह ले लो, बो फ्री। बो ले लो, बे फ्री।''

पता नहीं वे कौन लोग हैं जो आए दिन 'जमाना बुरा है' कहकर एक-दूसरे को परेशान करते रहते हैं। यहाँ तो भला करने वाले परेशान करने की हद तक भला करने लगे हैं। बुरा करने वालों से आदमी सीधे टकरा जाए या किसी दूसरे की मदद माँग ले पर इन भला करने वालों को तो पहचानना ही मुश्किल है। आप तो बस प्लीज, मुझे किसी तरह इन भला करने वालों से बचाएँ।
